VISION

A community Dr. King would be proud to call home.

MISSION

To advance a compassionate approach to neighborhood revitalization that creates a diverse, mixed-income community, improves the quality of life for current and future residents and elevates the Historic Westside's unique history and culture.

VALUES

Do with the Community, not to the Community

We know that residents are the real experts on the challenges in their community. Therefore, we learn from residents and involve them in all we do.

Be Compassionate

We meet residents where they are in a spirit of empathy and respect.

Have Integrity in Everything

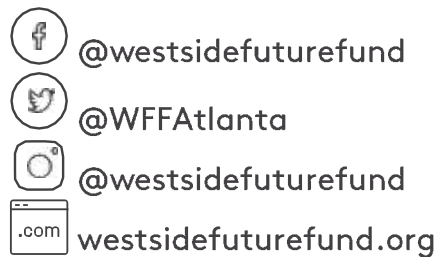

We stand behind all we say and do. We are open, honest, and courageous.

Be Creative

We bring high energy and fresh ideas to tackling the long-standing challenges on the Westside. We're dedicated to trying different approaches to get different results.

Deliver Results

We're committed to driving transformation in the long term, with a focus on measurable outcomes today.

Meet the Westside Future Fund.

WHY THE WESTSIDE?

The Westside is an important part of Atlanta's past, present and future. These historic neighborhoods played a defining role in the American civil rights movement and is the place some of its most iconic leaders called home, like Ambassador Andrew Young, Dr. Martin Luther King, Jr. and Dorothy Bolden, founder of the National Domestic Worker's Union of America. The Westside also bears the scars of policies that led to depopulation and left those who stayed without economic opportunity. Today, the Westside Future Fund is working to change that and make it a model of racial equity and economic justice. The result will be a better Atlanta where everyone on the Westside has access to the resources they need to thrive.

OUR MISSION

To advance a compassionate approach to neighborhood revitalization that creates a diverse, mixed-income community, improves the quality of life for current and future residents, and elevates the Historic Westside's unique history and culture.

THE HEART OF THE WESTSIDE

We focus on five neighborhoods in Atlanta's Historic Westside: Vine City, English Avenue, Ashview Heights, Atlanta University Center and Just Us. Long underserved and underfunded due to systemic racism, the Westside suffered from the lack of essential services, food deserts, neglected infrastructure and blight. Today, more than half of its residents live below the poverty line, and 40% of all housing is vacant. Only 79% of the population can read above the third-grade level. That is why our mission is to open access to resources and potential through the cornerstones of homeownership and education.

Definition of Legacy Resident: Anyone residing on the Westside prior to 2017 as well as those with meaningful ties to the Westside including former colleges and universities, church congregants and others.

WHAT DOES THE WESTSIDE FUTURE FUND DO?

The Westside Future Fund is a nonprofit organization with a mission to improve the lives of current and future Westside residents. Through our flagship program, *Home on the Westside*, we help our neighbors live in the place they love through access to high-quality housing and educational support, strengthening the city we call home.

CRADLE-TO-CAREER
EDUCATION

MORE WAYS TO BE AT HOME ON THE WESTSIDE

We ensure the availability of affordable, quality housing in ways that are financially attainable for long-time residents of the Westside or those connected to the neighborhood. That includes support to rent, buy or retain a home with a unique focus on community retention.

ACCESS TO CRADLE-TO-CAREER EDUCATION

Education is a cornerstone of better futures and prosperity. Investment in these foundational opportunities starts with quality early childhood education and our partnership with Atlanta Public Schools in support of the elementary, middle and secondary schools that make up the Booker T. Washington Cluster. It continues through adult skill training and support of Westside entrepreneurs. Westside residents deserve the resources that support families and lead to quality employment opportunities.

CHAMPIONING A SAFE & HEALTHY NEIGHBORHOOD

Collaborating with other organizations working on the Westside, we advocate for an environment where residents can thrive. That means teaming up to improve access to healthcare and overall wellbeing with greenspace, walkability, and safety. It's contributing to residents' sense of security by mitigating social factors that impact crime rates.

We also stand shoulder-to-shoulder with those who care about the Westside — residents, community groups, police officers, schools, business owners, developers, donors, and investors — and lend our voice to the calls for change today and a better future tomorrow.

We can stop the unchecked gentrification that displaces legacy residents of the Westside and tears the social fabric of Atlanta. Instead, we want to ensure they benefit from the rising tide of economic opportunity, rather than being swept away by it. Together, we can realize the vision of the courageous American civil rights leaders who called the Westside home: a thriving mixed-income community that models what it means to be a world-class city embracing racial and economic justice.

CONTRIBUTE TO RACIAL EQUITY IN ATLANTA

The long-term effects of underserved neighborhoods and generational poverty have limited opportunity on the Westside, and the enormity of the problem may seem overwhelming. Together we can break down barriers and build something better. We can connect legacy residents to resources that make homeownership possible. And, in turn, that homeownership can fuel transformational and generational change for them and their families.

Home is more than a house, so when you contribute to *Home on the Westside*, you're also investing in the community.

That means strengthening educational opportunity from cradle to career and advocating for the safety, security, and wellness of all our residents. It's a holistic approach to neighborhood revitalization.

Westside Future Fund's *Home on the Westside* program is uniquely built to realize this model. We represent a convergence of experience, expertise and influence from the worlds of business, education, government, and philanthropy, as well as the knowledge, connections and creativity needed to address the complex issues facing the Westside. **We also have the ability to leverage every \$1 donated to *Home on the Westside* with \$2 from the WFF Impact Fund, multiplying the impact of every contribution.**

Revitalizing the Westside is not just something we can do; it is something we must do. Atlanta cannot forget those who built it. Get involved. Invest in real change. Make a better Atlanta at *Home on the Westside*.

AT&T Offers Eligible Customers Low-Cost Broadband Through New Program

AT&T and Cricket Wireless have opened enrollment for the new federal Affordable Connectivity Program (ACP) which is helping expand benefits for millions of Americans.

What's new?

The ACP replaces the temporary Emergency Broadband Benefit (EBB). ACP will provide eligible households with a benefit of up to \$30 a month to help reduce the cost of broadband service. Households on qualifying Tribal lands will be eligible for \$75 a month.

Why is this important?

Affordability is one of the key roadblocks to narrowing the digital divide. The ACP will help make broadband services more affordable for American households who may qualify.

What's changing?

200%

Households will have new ways to qualify for ACP such as receiving WIC benefits or having an **income at or below 200% of the Federal Poverty Guidelines**. Eligibility requirements can be found at acpbenefit.org.

\$30

For households enrolled in ACP, the monthly subsidy has changed to **\$30/mo**. **There is no change to the Tribal benefit**. See information below regarding the transition period for households enrolled in EBB as of December 30, 2021.

New customers can confirm eligibility today.

Customers can apply to the federal government's National Verifier at ACPBenefit.org to determine if they are eligible for ACP. Eligibility is determined by the federal government, not by AT&T.

Once approved, find out details on which AT&T services are available by going to att.com/acp or to cricketwireless.com/ACP for information on Cricket Wireless plans.

How can EBB customers take advantage of ACP?

For EBB customers, **benefits will remain the same through March 1**.

- To receive the ACP benefit after March 1, customers may contact the [Universal Services Administrative Co.](#) (USAC) to reverify eligibility.
- For customers who qualified for EBB under a COVID program or substantial loss of income criteria, the National Verifier will need to reverify your eligibility under different criteria **prior to March 1**.
- See details on which AT&T services are available at att.com/acp or cricketwireless.com/ACP.

Creating the Beloved Community

The end is reconciliation; the end is redemption; the end is the creation of the Beloved Community. It is this type of spirit and this type of love that can transform opponents into friends. It is this type of understanding goodwill that will transform the deep gloom of the old age into the exuberant gladness of the new age. It is this love which will bring about miracles in the hearts of men.

Martin Luther King, Jr. from "Facing the Challenge of a New Age," 1956

The coining of the term, "beloved community" is credited to Josiah Royce (1855–1916), a Harvard professor, theologian, and philosopher, who taught at Harvard from the 1880s to 1910s.

Josiah Royce deemed the beloved community the "principle of all principles" and spoke of the beloved community as an ideal, separate from ordinary life, a spiritual community where all those "fully dedicated to the cause of loyalty, truth, and reality itself" were joined. Speaking from a distinctly Christian perspective, he stated that religious communities at their core should embody "the mystery of loving membership in a community." This participation was enacted through deep loyalty to a personal cause that one serves with "all [one's] might and soul and strength."

Royce wrote, "Find your own cause, your interesting, fascinating, personally engrossing cause; serve it with all [one's] might and soul and strength; but so choose your cause and so serve it, that thereby you show forth your loyalty to loyalty, so that because of your choice and service to your cause, there is a maximum of increase of loyalty among your fellow [human beings]."

Since you cannot find the universal and beloved community, create it.

Josiah Royce (1913)

One of Royce's students in the 1890s was W.E.B. Du Bois, who arrived in Atlanta in 1897 to establish a sociology program at Atlanta University and develop the university's curriculum. It is possible W.E.B. Du Bois and others could have discussed the idea of the "beloved community" and its embodiment in the Atlanta University Center and Vine City neighborhoods as early as Du Bois' arrival in Atlanta. Since the late 1860s, white and black educators, black students, and working class white and black residents had been living in the historic Westside.

Dr. King's mentor, Howard Thurman, was also a student of Royce and colleague of W.E.B. Du Bois. He used the term "beloved community" as an inspirational lens "to perceive [in the world] a harmony that transcends all diversities and in which diversity finds its richness and significance." He broadened the concept from Royce's specifically Christian orientation and emphasized the importance of truly integrated communities beyond legal integration and emphasized the importance of a radically nonexclusionary community.

During Thurman's lifetime, the historic Westside served as a nerve center of civil rights activism even as the effects of legal segregation remained in the community.

Community cannot for long feed on itself. It can only flourish with the coming of others from beyond, their unknown and undiscovered brothers and sisters.

Howard Thurman 1971

Dr. King takes the thinking of Royce and Thurman forward with his belief that we can "actualize the Beloved Community." Walter Fluker writes that the "beloved community" is Dr. King's "single, organizing principle of [his] life and thought."

Our goal is to create a beloved community, and this will require a qualitative change in our souls as well as a quantitative change in our lives.

Martin Luther King, Jr., 1966
